

Welcome to your BlueRoom XR Briefing!

In this edition, **relive** our Eurosatory highlights, **experience** our latest South East Asian Airfield environment, **unveil** our new Thales Bushmaster Ambulance and **discover** our involvement in “STEM to the Rescue”.

Relive our highlights of Eurosatory as we demonstrated BlueRoom at the largest international exhibition for the land and air-land defence and security industry.

RELIVE

Experience our new, highly detailed South East Asia environment. designed to work in conjunction with our TCCC Module, this environment features a range of new dynamic elements.

EXPERIENCE

Unveil the addition of the Bushmaster Protected Mobility vehicle – Ambulance variant- into BlueRoom. Built with the support of Thales, this addition will enhance CASEVAC training for the Australian Army and the global network using the Bushmaster Ambulance.

UNVEIL

Discover our involvement in the “STEM to the Rescue” program! School students visited BlueRoom and Real Response, learning the vital role of STEM in emergency response.
